LHM Foundation announces opening of Horizons Transitional Housing Program

Harrisburg, PA - January 16, 2026 - LHM Social Services Foundation proudly announces that it welcomed the first participants to its Horizons transitional housing program this week. "LHM Foundation was created with a vision to help address the crisis of homelessness in our area. Now, that vision has become a reality," said Amy Foerster, LHM Foundation's CEO. "We would not have reached this pivotal moment were it not for the indispensable support of our donors, volunteers and community partners, whose generosity allows us to serve those in need."

LHM Foundation's Horizons program is designed to empower unhoused individuals and families with the tools, resources, and support necessary to transition into – and maintain – secure housing. The up to 18-month program operates in a 42,000 square foot family care facility on almost 15 acres of greenspace in Harrisburg, PA. Through its Horizons program, LHM Foundation will address participants' immediate concerns of "where will I sleep" and "what will I eat" so that they can focus on growing the skills and accessing the resources necessary to overcome their individual barriers to housing security.

The referral-based Horizons program is launching with 10 of its 58 units occupied by individuals and families, with two additional units opening for program participants each quarter. The furnished units include a full bathroom, ample closet space, and a kitchenette, with a sink, mini-refrigerator and microwave. The facility includes several spaces to encourage community, including living rooms, a large dining room and commercial grade kitchen, a chapel and more. Program staff work directly on-site, facilitating intensive case management.

LHM Foundation's Horizons program is primarily supported through private donations. Luke Drayer, Chair of the Foundation's Board of Directors, has pledged an up to \$3 million match against all funds raised in support of the Foundation's work.
